

I hope everyone has had a good and productive spring break. I would like to take the time to introduce the new officers as well as office positions for our association. Eric Croft from Capital High School is President. Jake Spearson from Helena High School is Vice President. Roni Robertson from Helena High School is now Secretary and Joe Wilkins remains the Treasurer. With just a couple months of school left, its time for the SkillsUSA state conference which is held at MSU Northern April 9-11. May 6-11 is SkillsUSA National Week of Service. Chapters are encouraged to participate. This event is to commemorate the founding of SkillsUSA. The SkillsUSA National Leadership and Skills Conference will be June 25-29 in Louisville KY. I do encourage all programs that have a student qualify for the conference to register and participate. If you have any questions about SkillsUSA or SkillsUSA upcoming events to contact Cassie Huntley at chuntley@skillsusamontana.org. I am working with Bill Ryan on a summer institute dates and cost will be sent out in the near future. I do want to thank all of you that have and continue to help our association. Your hard work shows and pays off with the students you encourage and influence daily.

Regards,

Eric Croft
