## Message from the President

Greetings to all and welcome to Billings and the 2024 Montana ACTE Fall Institute, **Engage, Educate, Empower**. On behalf of the Montana Association for Career and Technical Education, I would like to welcome you and thank you for taking the steps to attend this conference and for being involved in the action taking place within career and technical education in Montana.

The leadership of the Montana Association for Career and Technical Education (Montana ACTE) has spent the past year to put together a program that brings relevant, timely, professional development to you, our membership. We hope that our program this year will help you to Engage your students through effective classroom management; Educate for not only college, but career readiness; and help you have the tools to be Empowered in the classroom and to Empower your students for successful post-secondary outcomes.

As in previous years we will have an auction and awards banquet to help offset the costs of this conference. We are working hard to make this a fun and memorable experience and hope everyone has a great time networking and meeting new CTE professionals and friends during our conference.

Thank you for taking the steps to Engage, Educate, and Empower students in your classrooms.

**Calie Wineinger, Montana ACTE President**  
Bainville, MT

## A Special Thank You!

## Welcome from the Office of Public Instruction

### Welcome to the 2024 Montana ACTE Fall Institute!

Being back in Billings for the Montana ACTE Fall Institute is a highlight for the fall. The Engage, Educate, Empower Program is packed from start to finish with great presentations, speakers, and industry tours. The growth of our partnerships is evident in the added power sessions, more vendors, and even a brand-new post-secondary/adult education division of Montana ACTE. Our OPI Career, Technical, and Adult Education Unit looks forward to these jam-packed days to reconnect with long-time partners and network with new teachers, programs, and leaders across the state.

There are so many exciting changes happening across the state focused on Career, Technical, and Adult Education and workforce development. At the agency, we are anticipating lots of momentum as we move into a new legislative session, where we will see new leadership at the OPI and more legislative bills being drafted around education. We look forward to sharing the great stories and data from all our programs, from Westby to Lima or Troy to Ekalaka, and all points in between as our work progresses during this legislative session.

On behalf of the CTAE team I want to say thank you for your continued dedication to provide opportunities for students. Your work is shaping the future of CTAE, and we look forward to this opportunity to engage, educate, and empower that future with you.

Best regards,

*Shannon Boswell*

CTAE Director

## Welcome from ACTE Past President, Chaney Mosley

Montana ACTE,

I am honored to be a guest at your conference and excited to be in Billings. My love of the outdoors has driven many decisions in my life – joining the Army, moving to Blacksburg, VA for graduate school, and my hobby as a trail runner. When reading about Billings, I quickly discovered it would not disappoint. Being with good people in a good environment is the perfect combination for professional development!

As an ACTE officer, I've had the opportunity to visit many states. It is always exciting to meet members and discover how CTE is delivered across the country, and I know Montana will not disappoint.

Thank you for welcoming me to your beautiful state and vibrant community. I look forward to engaging with all of you, sharing insights, learning from your experiences, and NOT encountering a grizzly bear. Together, let's continue to advance Career and Technical Education and make a lasting impact on our students' futures.

Warm regards,

*Chaney Mosley, ACTE Past President*

# Keynote Speaker—Kent Julian

## Kent Julian

**K**ent Julian is a lot of things... family man, champion swim coach, CSP\* professional speaker, fish taco lover, and proud bald guy. Yet, this hasn't always been the case. Kent started out as an at-risk child with severe learning challenges and SAT scores so low that he had to take Development Studies just to get into college—on probation. From these humble beginnings, Kent went on to become the Executive Director of a national youth association in order to help teenagers just like him. Then, after 20 years in non-profit work, he did something crazy... he launched two successful businesses. Along the way, Kent realized that the successes he experienced were never “his successes.” Each accomplishment came about because of the teams he was privileged to lead. Whether working with millennial students, coaching championship swim teams, or leading his own businesses, success was the result of committed, engaged teams. Now, with his expertise in leadership and employee engagement, he is privileged to speak, write, and consult leaders and teams all over the country on what it takes to create what he calls “DREAM-to-DO” culture.

## Keynote: Cultivating Resilience in Yourself and Your Team

Success isn't the result of everything going your way. On the contrary, true success is experienced by those who are able to turn their greatest adversities into their greatest advantages. To put it another way, in order to win in life, leadership, or business, you must learn to lead your life instead of letting life lead you.

This keynote explores key tools for developing resiliency, overcoming tough challenges, and stepping into your best self!

## MONTANA ACTE PLATINUM PARTNER

# MONTANA CHAMBER FOUNDATION

Friday, October 18, 2024

8:00-9:00 MACTE Stillwater/  
Boulder **Business Partnership Breakfast**  
Join fellow CTE educators for breakfast as we hear from our Business and Industry Partners.

**MONTANA  
CHAMBER  
FOUNDATION**

### Division Breakout Session #2

#### Certiport Certification and More—*Jeanette Sayer*

9:10-10:30 MBEA Big Horn  
Certiport is offering the opportunity for educators to experience the different exams that we give our students. Certifying yourself will give you tools to prepare your students for industry credentials. All for FREE! In this session, Janette Sayer will provide an overview of all Certiport products then will proctor one exam of your choice. You must bring your own laptop (either PC or Mac) You must have **pre-registered** to receive your free learning material and practice tests to prepare for your exam.

#### Support for Sophomores—*Cindy Arnott*

MAAE Yellowstone  
We all know that 9th graders have pretty good support, and that 11th and 12th graders kind of learn to figure things out, and even have some support of their own. We all know that new teachers are well supported, and that the more veteran teachers have kind of figured things out. So what about our sophomores? Join us as we examine how we as teachers can better support our sophomores - of both the teenage and early-mid career teacher varieties!

#### Connecting FCS Educators with Early Childhood Resources—*Montana Early Childhood Project*

MAFCSE Ballroom  
Connect with Montana Early Childhood Project, an outreach program within Montana State University's Department of Human Development and Community Health, to learn how to promote, educate, and licensure high school students with a passion for early childhood education.

#### Prostart—*Jordan Collins*

9:10-10:10 MAFCSE Parlor 1010  
Wondering what culinary opportunities there are for you and your students this year? Bring your calendar to mark the dates for the culinary training available to FCS educators as well as get insight into how to become a ProStart school! We will be going over all of the steps it takes to become a ProStart school, as well as diving into the exclusive benefits available to your students if they are involved in ProStart.

#### Industry Tour—*Langlas & Associates (Billings New 3-5th Grade School)*

MITEA Gallatin/  
Jefferson  
Meet and carpool to job site.

#### Working with students recovering from Addiction—*Jerry Birard*

Post Secondary /Adult Education Little Missouri  
Recovering from addiction is complicated, challenging, and risky. Recover is so much more than abstinence as it involves fundamental lifestyle changes in addition to often repairing family, career, legal, and relationship wreckage

### Division Breakout Session #3

#### "Leave to Learn: Business Bingo—*Jessica Goosen with the Assistance of the MT Chamber Foundation*

10:45-11:35 MBEA Rimrock Mall, 300 S 24th St W, Billings, MT 59102  
After meeting in the Big Horn Room to get instructions, let's head to the Rimrock Mall and take on the role of our students to explore business terms and principles in a hands-on activity. We'll provide some tips and activity plans that help educators feel more comfortable facilitating a similar leave to learn activity for their own students.

#### Embrace, Educate, and Empower Through Ag Education—*Rich Darrach, Moderator*

10:20-11:20 MAAE Yellowstone  
See what exciting new things lie ahead for this year and the near future in the dynamic world of Ag Education. Reflect on successes and learning moments from the past. Network with other ag teachers and reconnect with familiar colleagues as we journey into the inspiring frontier before us. The 2024-2025 school year promises to be one of elation and prosperity - determine your role by engaging in this session, educating yourself on the objectives of the year, and be empowered to go back to your school and make this the best school year yet for your students and community.

### Division Breakout Session #3—Continued

#### Greenhouse Gourmet: Integrating Aquaponics into the Culinary Curriculum

|        |              |   |
|--------|--------------|---|
| MAFCSE | Swanky Roots | Explore Swanky Roots, a local aquaponic greenhouse, and uncover the potential of aquaponics to revolutionize your culinary classes. Family and Consumer Science teachers will tour the facility, learn about the science and benefits of aquaponics, and gather creative ideas for incorporating this sustainable practice into their culinary lessons. Learn how to incorporate aquaponics into your teaching to provide students with fresh perspectives on food production and sustainability. |
|        | 8333Story Rd |   |

10:20-11:20 MITEA Off Site **Industry Tour - Langlas & Associates Continues**

#### Additional Sources of Income for your ACTE Classroom—Jodie Rasmussen and Justine Alberts

|  |                 |   |
|--|-----------------|---|
| Post<br>Secondary<br>/Adult<br>Education | Little Missouri | Did you know that Adult Basic Education programs do more than help students get their GED or HiSET? They also provide Integrated Education and Training Programs (IETP) for adults to learn new workforce skills. ACTE teachers are a great resource to provide skilled trade classes for adults when school is not in session. Teachers who provide IETP training for adults receive additional income for themselves and often upgrades or additional supplies for their classroom! |
|--|-----------------|---|

### Division Breakout Session #4

#### Ag Education Deep Dive—Session #2—Rich Darrach

|      |             |  |
|------|-------------|--|
| MAAE | Yellowstone | In-depth examination of all things Montana Ag Education for the 2024-2025 school year. |
|------|-------------|--|

#### Debrief the Leave to Learn Activities—Jessica Goosen with the Assistance of Mt Chamber Foundation

|      |          |  |
|------|----------|--|
| MBEA | Off Site | After completing experiential learning, debriefing is the most important to recap the lesson(s) learned. Participants will walk away with hands-on resources to use in the classroom.<br><br>(PIR paperwork will be brought with so participants can leave from the location.) |
|------|----------|--|

#### Continuation of Greenhouse Gourmet: Integrating Aquaponics into the Culinary Curriculum

|             |        |              |   |
|-------------|--------|--------------|---|
| 11:30-12:30 | MAFCSE | Swanky Roots | Explore Swanky Roots, a local aquaponic greenhouse, and uncover the potential of aquaponics to revolutionize your culinary classes. Family and Consumer Science teachers will tour the facility, learn about the science and benefits of aquaponics, and gather creative ideas for incorporating this sustainable practice into their culinary lessons. Learn how to incorporate aquaponics into your teaching to provide students with fresh perspectives on food production and sustainability. |
