Keynote Speaker—Kent Julian

Kent Julian

Kent Julian is a lot of things... family man, champion swim coach, CSP* professional speaker, fish taco lover, and proud bald guy. Yet, this hasn't always been the case. Kent started out as an at-risk child with severe learning challenges and SAT scores so low that he had to take Development Studies just to get into college—on probation. From these humble beginnings, Kent went on to become the Executive Director of a national youth association in order to help teenagers just like him. Then, after 20 years in non-profit work, he did something crazy... he launched two successful businesses. Along the way, Kent realized that the successes he experienced were never “his successes.” Each accomplishment came about because of the teams he was privileged to lead. Whether working with millennial students, coaching championship swim teams, or leading his own businesses, success was the result of committed, engaged teams. Now, with his expertise in leadership and employee engagement, he is privileged to speak, write, and consult leaders and teams all over the country on what it takes to create what he calls “DREAM-to-DO” culture.

Keynote: Cultivating Resilience in Yourself and Your Team

Success isn't the result of everything going your way. On the contrary, true success is experienced by those who are able to turn their greatest adversities into their greatest advantages. To put it another way, in order to win in life, leadership, or business, you must learn to lead your life instead of letting life lead you.

This keynote explores key tools for developing resiliency, overcoming tough challenges, and stepping into your best self!

Lodging
